

Bernd Trompell is an honest and goal driven man. He helped make our dream a reality, as young couple: he was very helpful and offered us advice in regards to housing and return of investment.

He have build our dream house “Villa Punda Milia”, with the topmost professionalism and materials.

The house up to today (3 years after) is fabulous and loved by many. Without Bernd Trompell, we wouldn't have discovered the haven Diani! He is also a friend and has guided us throughout many things. With Bernd, you will not go wrong.

We currently rent out the villa to tourists as we are not around and we are grateful that we made this investment!!

Thank you Bernd!

Agnes & Marc Maille
